Subject index

25 (OH) D, Vitamin D status in apparently healthy adults in Kashmir Valley of Indian subcontinent, **713**
5-fluorouracil, Synergistic effect of triptolide combined with 5-fluorouracil on colon carcinoma, **338**
6-month mortality, Effects of comorbidity and hospital care on 6-month mortality in patients with elevated cardiac troponin T, **332**

abdominal aortic aneurysm, Surveillance of patients post-endovascular aneurysm repair, **750**
acute apical ballooning, Tako-tsubo syndrome on the rise: a review of the current literature, **261**
acute coronary syndrome, Effects of comorbidity and hospital care on 6-month mortality in patients with elevated cardiac troponin T, **332**
Understanding frailty, **16**
Is cocaine use recognised as a risk factor for acute coronary syndrome by doctors in the UK?, **325**
Raised cardiac troponin T levels in patients without acute coronary syndrome, **200**
acute medical admission unit, Effect of an acute medical admission unit on key quality indicators assessed by funnel plots, **659**
acute myocardial infarction, Effect of serum creatine kinase-MBmass on the early and hierarchical diagnosis of related artery reperfusion in acute myocardial infarction, **422**
Non-invasive treatment of ST elevation myocardial infarction, **725**
Stress cardiomyopathy: aetiology and management, **543**
acute pancreatitis, Early percutaneous transhepatic gallbladder drainage compared with endoscopic retrograde cholangiopancreatography and papillotomy treatment for severe gallstone associated acute pancreatitis, **187**
acute rhinosinusitis, Acute rhinosinusitis in adults: an update on current management, **402**
ADAM33, DNA sequence variations of metalloproteinases: their role in asthma and COPD, **244**
Addison's disease, Screening for Addison's disease in patients with type 1 diabetes mellitus and recurrent hypoglycaemia, **420**
adherence, Community-acquired pneumonia: doctors do not follow national guidelines, **552**
administrative data, Radical cystectomy: defining the threshold for a surgeon to achieve optimum outcomes, **556**
Admiralty, Committee for the Relief of Distressed Seamen: correspondence from the Admiralty in 1818–19, **54**
adolescents, Dietary habits of young people attending secondary schools serving a multiethnic, inner-city community in the UK, **115**
Prevalence of coeliac disease in children and adolescents with type 1 diabetes mellitus in a clinic based population, **132**
Vitamin D in childhood and adolescence, **230**
adrenaline, Survey of the use of epinephrine (adrenaline) for anaphylaxis by junior hospital doctors, **610**
advance care planning, Forget me not: palliative care for people with dementia, **362**
advanced cardiac life support, DR WHO: a workshop for house officer preparation, **4**
advanced directives, An audit of "do not attempt resuscitation" decisions in two district general hospitals: do current guidelines need changing?, **137**
aetiology, Testis cancer, **624**
African American, Environmental influences on the high mortality from colorectal cancer in African Americans, **583**
ageing, Ageing and the gut, **44**
Age-related macular degeneration and recent developments: new hope for old eyes?, **301**
Blood pressure and ageing, **109**
airflow limitation, The SAFE (SGRQ score, air-flow limitation and exercise tolerance) Index: a new composite score for the stratification of severity in chronic obstructive pulmonary disease, **492**
akathisia, Intravenous administration of metoclopramide by 2 min bolus vs 15 min infusion: does it affect the improvement of headache while reducing the side effects?, **664**
alcoholic, Chronic pancreatitis in India: the changing spectrum, **562**
all-cause mortality, Raised cardiac troponin T levels in patients without acute coronary syndrome, **200**
allergic rhinitis, Increased prevalence of gastrointestinal symptoms in patients with allergic disease, **182**
altitude, Heights and haematology: the story of haemoglobin at altitude, **148**
amphotericin, Leishmaniasis
amyloid, Pathological fracture of the talar neck associated with amyloid deposition, **749**
anaerobic threshold, Cardiopulmonary exercise testing and its application, **675**
anaphylaxis, Survey of the use of epinephrine (adrenaline) for anaphylaxis by junior hospital doctors, **610**
ancient medicine, In what ways can human skeletal remains be used to understand health and disease from the past?, **281**
aneurismectomy, Left ventricle diastolic function in the patients after coronary arteries bypass graft combined with left ventricle aneurismectomy according to tissue doppler imaging: one year follow-up, **320**
angiography, Multidetector computed tomographic angiography of the cardiovascular system, **698**
angiotensin converting enzyme, Stress cardiomyopathy: aetiology and management, **543**
anonymity, Rights theory in a specific healthcare context: "Speaking ill of the dead", **473**
anti-TNF, Immune-mediated inflammatory diseases (IMIDs) and biologic therapy: a medical revolution, **251**
antiemetics, Intravenous administration of metoclopramide by 2 min bolus vs 15 min infusion: does it affect the improvement of headache while reducing the side effects?, **664**
antimicrobial resistance, Hypervirulent strains of *Clostridium difficile*, **291**
antimonial, Leishmaniasis, **649**
antiparietal cell antibody, Comparison of clinical and electrodiagnostic features in B12 deficiency neurological syndromes with and without antiparietal cell antibodies, **124**
aortic aneurysm, Endovascular abdominal aortic aneurysm repair, **21**
APLS, Resuscitation competencies in paediatric specialist registrars, **265**
appraisal, Personal development plans and self-directed learning for healthcare professionals: are they evidence based?, **518**
The management of poor performance, **105**
approved training, Early structured core training of junior trainees in ophthalmology, **738**
arrhythmia, Sarcoid heart disease, **618**
artefacts, A description of the methods used to obtain information on ancient disease and medicine and of how the evidence has survived, **655**
arterial hypertension, Orthostatic hypotension: framework of the syndrome, **568**
arthritis, Basal thumb arthritis, **40**
ascites, Spontaneous bacterial peritonitis, **379**
aseptic loosening, Femoral osteolysis following total hip replacement, **312**
assessment, A national online survey of final year medical students' opinion on the General Medical Council's proposed reforms to the undergraduate medical assessment system, **606**
Problems with using a supervisor's report as a form of summative assessment, **504**
The management of poor performance, **105**
asthma, DNA sequence variations of metalloproteinases: their role in asthma and COPD, **244**
Increased prevalence of gastrointestinal symptoms in patients with allergic disease, **182**
Mycoplasma pneumoniae and its role in asthma, **100**
Paradoxical vocal cord motion disorder: past, present and future, **164**
atrial septal defect, Patent foramen ovale and atrial septal aneurysm in cryptogenic stroke, **173**
audit, A good death certificate: improved performance by simple educational measures, **285**

An audit of "do not attempt resuscitation" decisions in two district general hospitals: do current guidelines need changing?, **137**
Screening for Addison's disease in patients with type 1 diabetes mellitus and recurrent hypoglycaemia, **420**
author-pays model, The self-archiving principle: a momentous trek, **564**
autoimmune disease, Immune-mediated inflammatory diseases (IMIDs) and biologic therapy: a medical revolution, **251**
autonomic failure, Postural orthostatic tachycardia syndrome, **478**
autopsy, In what ways can human skeletal remains be used to understand health and disease from the past?, **281**
AVP, Hyponatraemia in clinical practice, **373**
Ayurverdic medicine, A systematic review of randomised clinical trials of individualised herbal medicine in any indication, **633**

B12, Comparison of clinical and electrodiagnostic features in B12 deficiency neurological syndromes with and without antiparietal cell antibodies, **124**
bacteraemia, Biliary tract infection and bacteraemia: presentation, structural abnormalities, causative organisms and clinical outcomes, **773**
band keratopathy, A second corneal arcus?, **153**
BAROS, Quality of life and alteration in comorbidity following laparoscopic adjustable gastric banding, **487**
Barrett's oesophagus, Endoscopic mucosal resection of Barrett's oesophagus containing dysplasia or intramucosal cancer, **367**
Molecular changes in the progression of Barrett's oesophagus, **529**
benign prostatic hyperplasia, Medical treatment of benign prostatic hyperplasia, **73**
bile ducts, Impact of early biliary complications in liver transplantation in the presence or absence of a T-tube: a Chinese transplant centre experience, **120**
biliary tract infection, Biliary tract infection and bacteraemia: presentation, structural abnormalities, causative organisms and clinical outcomes, **773**
biological, Psoriasis: advances in pathophysiology and management, **690**
biologics, Immune-mediated inflammatory diseases (IMIDs) and biologic therapy: a medical revolution, **251**
biomarkers, Molecular changes in the progression of Barrett's oesophagus, **529**
biosurgery, Larval therapy from antiquity to the present day: mechanisms of action, clinical applications and future potential, **409**
blindness, Age-related macular degeneration and recent developments: new hope for old eyes?, **301**
blood coagulation disorder, How do you treat bleeding disorders with desmopressin?, **159**
blood pressure, Blood pressure and ageing, **109**
bone loss, Femoral osteolysis following total hip replacement, **312**
bone mineral density, The role of DXA bone density scans in the diagnosis and treatment of osteoporosis, **509**
bronchial asthma, *Mycoplasma pneumoniae* and its role in asthma, **100**

calcium keraconjunctivitis, A second corneal arcus?, **153**
cancer, Delirium in advanced disease, **525**
Foreign travel for advanced cancer patients: a guide for healthcare professionals, **437**
Gene therapy in head and neck cancer: a review, **731**
Testis cancer, **624**
The challenges of managing cancer related venous thromboembolism in the palliative care setting, **671**
carcinoembryonic antigen, Carcinoembryonic antigen (CEA) testing in colorectal cancer follow up: what do patients think?, **612**
cardiac arrest, False cardiac arrests: the right time to turn away?, **344**
cardiac medication, Management of end stage cardiac failure, **395**
cardiology, Effects of comorbidity and hospital care on 6-month mortality in patients with elevated cardiac troponin T, **332**
Online educational tools developed by *Heart* improve the knowledge and skills of hospital doctors in cardiology, **502**
The role of the intra-aortic balloon pump in supporting children with acute cardiac failure, **308**
cardiomyopathy, Stress cardiomyopathy: aetiology and management, **543**
Sarcoid heart disease, **618**
cardiopulmonary exercise testing, Cardiopulmonary exercise testing and its application, **675**
cardiopulmonary resuscitation, An audit of "do not attempt resuscitation" decisions in two district general hospitals: do current guidelines need changing?, **137**
False cardiac arrests: the right time to turn away?, **344**
Recent advances and controversies in adult cardiopulmonary resuscitation, **649**
cardiovascular disease, A cross sectional survey of secondary prevention measures in patients with peripheral arterial disease in primary care, **602**
Cardiovascular disease, hypertension, dyslipidaemia and obesity in patients with hypothalamic-pituitary disease, **277**
cardiovascular risk factors, Comparison of classical and non-classical cardiovascular risk factors influencing the patency of native arteriovenous fistulas after percutaneous transluminal angioplasty therapy among haemodialysis patients, **547**
cardiovascular system, Multidetector computed tomographic angiography of the cardiovascular system, **698**
carpal tunnel syndrome, A proposal justifying an alternative referral practice from primary care for three common hand surgery diagnoses, **616**
Primary care management of patients with carpal tunnel syndrome referred to surgeons: are non-operative interventions effectively utilised?, **498**
cerebrovascular disorders, Cocaine use and stroke, **389**
chaperone, Use of chaperones in the urology outpatient setting: a patient's choice in a "patient-centred" service, **64**
children, Childhood sexual abuse and the development of schizophrenia, **507**
Prevalence of coeliac disease in children and adolescents with type 1 diabetes mellitus in a clinic based population, **132**
Vitamin D in childhood and adolescence, **230**
Chinese herbal medicine, A systematic review of randomised clinical trials of individualised herbal medicine in any indication, **633**
choice, "Please, I want to go home": ethical issues raised when considering choice of place of care in palliative care, **643**
cholangitis, Biliary tract infection and bacteraemia: presentation, structural abnormalities, causative organisms and clinical outcomes, **773**
choroidal neovascular membrane, Age-related macular degeneration and recent developments: new hope for old eyes?, **301**
chromoscopy, Techniques for targeting screening in ulcerative colitis, **451**
chronic diseases, Chronic pancreatitis in India: the changing spectrum, **562**
Polymorbidity in diabetes in older people: consequences for care and vocational training, **763**
chronic hepatitis B, Management of patients with HBeAg-negative chronic hepatitis B, **32**
chronic obstructive pulmonary disease, DNA sequence variations of metalloproteinases: their role in asthma and COPD, **244**
The SAFE (SGRQ score, air-flow limitation and exercise tolerance) Index: a new composite score for the stratification of severity in chronic obstructive pulmonary disease, **492**
cirrhosis, Spontaneous bacterial peritonitis, **379**
CIS, Importance of red patches diagnosed in cystoscopy for haematuria and lower urinary tract symptoms, **62**
clarithromycin, *Mycoplasma pneumoniae* and its role in asthma, **100**
clinical attachments, Clinical attachments: fond farewell or new beginning? A survey of the attitudes and practice of medical consultants and international medical graduates, **196**
clinical characteristics, Bone hydatid disease, **536**
clinical features, Clinical presentation and incidence of complications in patients with coeliac disease diagnosed by relative screening, **273**
clinical outcomes, Biliary tract infection and bacteraemia: presentation, structural abnormalities, causative organisms and clinical outcomes, **773**
clopidogrel, Non-invasive treatment of ST elevation myocardial infarction, **725**
Clostridium difficile, Hypervirulent strains of *Clostridium difficile,* **291**
cocaine, Cocaine use and stroke, **389**
Is cocaine use recognised as a risk factor for acute coronary syndrome by doctors in the UK?, **325**
coeliac disease, Clinical presentation and incidence of complications in patients with coeliac disease diagnosed by relative screening, **273**
Prevalence of coeliac disease in children and adolescents with type 1 diabetes mellitus in a clinic based population, **132**
cognitive style, Personal development plans and self-directed learning for healthcare professionals: are they evidence based?, **518**
colon carcinoma, Peroxisome proliferator-activated receptor γ agonists inhibit the proliferation and invasion of human colon cancer cells, **414**

Synergistic effect of triptolide combined with 5-fluorouracil on colon carcinoma, **338**
colonoscopy, Techniques for targeting screening in ulcerative colitis, **451**
colorectal cancer, Carcinoembryonic antigen (CEA) testing in colorectal cancer follow up: what do patients think?, **612**
Environmental influences on the high mortality from colorectal cancer in African Americans, **583**
colours, The design and application of effective written instructional material: a review of published work, **596**
combination therapy, Management of patients with HBeAg-negative chronic hepatitis B, **32**
combined effect, Synergistic effect of triptolide combined with 5-fluorouracil on colon carcinoma, **338**
community acquired pneumonia, Community-acquired pneumonia: doctors do not follow national guidelines, **552**
community, Delivering specialist services in the community: implications for the profession, **71**
Reconfiguring health services to provide care closer to home, **71**
Specialist services in the community: maintaining quality of care, **72**
comorbidity, Effects of comorbidity and hospital care on 6-month mortality in patients with elevated cardiac troponin T, **332**
Understanding frailty, **16**
Polymorbidity in diabetes in older people: consequences for care and vocational training, **763**
compartment syndrome, Simvastatin-induced bilateral leg compartment syndrome and myonecrosis associated with hypothyroidism, **152**
complications, Clinical presentation and incidence of complications in patients with coeliac disease diagnosed by relative screening, **273**
Early percutaneous transhepatic gallbladder drainage compared with endoscopic retrograde cholangiopancreatography and papillotomy treatment for severe gallstone associated acute pancreatitis, **187**
confidentiality, Rights theory in a specific healthcare context: "Speaking ill of the dead", **473**
confusion, Delirium in advanced disease, **525**
congenital heart disease (CHD), The role of the intra-aortic balloon pump in supporting children with acute cardiac failure, **308**
coronary artery bypass graft, Left ventricle diastolic function in the patients after coronary arteries bypass graft combined with left ventricle aneurismectomy according to tissue doppler imaging: one year follow-up, **320**

Views of specialist registrars on specialty care in the community: employment prospects and the need for additional training, **59**
specialist training, Early structured core training of junior trainees in ophthalmology, **738**
Resuscitation competencies in paediatric specialist registrars, **265**
specificity, NT-proBNP and the diagnosis of left ventricular systolic dysfunction within two acute NHS trust catchment areas: the initial Teesside experience, **206**
spiked drink, What's being used to spike your drink? Alleged spiked drink cases in inner city London, **754**
spiral computed tomography, Multidetector computed tomographic angiography of the cardiovascular system, **698**
spontaneous bacterial peritonitis, Spontaneous bacterial peritonitis, **379**
squamous cell, Gene therapy in head and neck cancer: a review, **731**
ST elevation myocardial infarction, Non-invasive treatment of ST elevation myocardial infarction, **725**
STEMI, Non-invasive treatment of ST elevation myocardial infarction, **725**
stent-graft, Endovascular abdominal aortic aneurysm repair, **21**
Surveillance of patients post-endovascular aneurysm repair, **750**
stress-induced cardiomyopathy, Tako-tsubo syndrome on the rise: a review of the current literature, **261**
stress, The challenge of providing mentorship in primary care, **317**
stroke, Cocaine use and stroke, **389**
Complete occlusion of extracranial internal carotid artery: clinical features, pathophysiology, diagnosis and management, **95**
Role of transcranial Doppler ultrasonography in stroke, **683**
The role of genetics in stroke, **590**
student, medical, A national online survey of final year medical students' opinion on the General Medical Council's proposed reforms to the undergraduate medical assessment system, **606**
subacute combined degeneration, Comparison of clinical and electrodiagnostic features in B12 deficiency neurological syndromes with and without antiparietal cell antibodies, **124**
substance abuse, Cocaine use and stroke, **389**
sun-exposure, Vitamin D status in apparently healthy adults in Kashmir Valley of Indian subcontinent, **713**
surgery, Surgery for morbid obesity, **8**
survey methods, Dietary habits of young people attending secondary schools serving a multiethnic, inner-city community in the UK, **115**
swelling, Diagnosis and treatment of swellings in the hand, **296**
synergistic effect, Synergistic effect of triptolide combined with 5-fluorouracil on colon carcinoma, **338**
systemic vasculitis, Cryoglobulinaemic vasculitis: classification and clinical and therapeutic aspects, **87**

Tai chi, An evaluation of the effects of Tai Chi Chuan and Chi Kung training in patients with symptomatic heart failure: a randomised controlled pilot study, **717**
Tako-tsubo syndrome, Tako-tsubo syndrome on the rise: a review of the current literature, **261**
talar, Pathological fracture of the talar neck associated with amyloid deposition, **749**
teaching, Bringing the learning organisation to your workplace, **466**
Developing your teaching style: increasing effectiveness in healthcare teaching, **145**
Teaching in the healthcare setting, **143**
terminal care, Forget me not: palliative care for people with dementia, **362**

"Please, I want to go home": ethical issues raised when considering choice of place of care in palliative care, **643**
testis cancer, Testis cancer, **624**
therapeutic response, The "dirty tricks" experience can play on us, **287**
THR, Femoral osteolysis following total hip replacement, **312**
thrombocytopenia, Heparin induced thrombocytopenia: diagnosis and management update, **575**
thrombolysis, Non-invasive treatment of ST elevation myocardial infarction, **725**
thumb, Basal thumb arthritis, **40**
tilt test, Orthostatic hypotension: framework of the syndrome, **568**
tissue Doppler imaging, Left ventricle diastolic function in the patients after coronary arteries bypass graft combined with left ventricle aneurismectomy according to tissue doppler imaging: one year follow-up, **320**
training, Delivery of healthcare outside acute hospitals: the Rt Hon David Cameron MP, Leader of the Conservative Party and Leader of the Opposition, **2**
Learning curves in surgical practice, **777**
Views of specialist registrars on specialty care in the community: employment prospects and the need for additional training, **59**
transcranial Doppler ultrasound, Role of transcranial Doppler ultrasonography in stroke, **683**
transient global amnesia, Classical diseases revisited: transient global amnesia, **236**
transplantation, Islet cell transplantation, **224**
Organ transplantation and the Human Tissue Act, **141**
transsexual, Current management of male-to-female gender identity disorder in the UK, **638**
travel, Foreign travel for advanced cancer patients: a guide for healthcare professionals, **437**
treatment outcome, False cardiac arrests: the right time to turn away?, **344**
trigger, A proposal justifying an alternative referral practice from primary care for three common hand surgery diagnoses, **616**
triptolide, Synergistic effect of triptolide combined with 5-fluorouracil on colon carcinoma, **338**
tropical medicine, Chronic pancreatitis in India: the changing spectrum, **562**
troponin T, Effects of comorbidity and hospital care on 6-month mortality in patients with elevated cardiac troponin T, **332**
Is cocaine use recognised as a risk factor for acute coronary syndrome by doctors in the UK?, **325**
tuberculosis, A systematic review of commercial serological antibody detection tests for the diagnosis of extrapulmonary tuberculosis, **705**

undergraduate training, Digital rectal examination: national survey of undergraduate medical training in Ireland, **599**
unlawful, What's being used to spike your drink? Alleged spiked drink cases in inner city London, **754**
ureteric colic, Ureteric colic: new trends in diagnosis and treatment, **469**
urology, Use of chaperones in the urology outpatient setting: a patient's choice in a "patient-centred" service, **64**

venous thromboembolism, The challenges of managing cancer related venous thromboembolism in the palliative care setting, **671**
video assisted thoracoscopic surgery, Pneumothorax: an update, **461**
vitamin D, Vitamin D in childhood and adolescence, **230**
Vitamin D status in apparently healthy adults in Kashmir Valley of Indian subcontinent, **713**
vocal cord dysfunction, Paradoxical vocal cord motion disorder: past, present and future, **164**
volume-outcome relationship, Radical cystectomy: defining the threshold for a surgeon to achieve optimum outcomes, **556**
von Willebrand factor, How do you treat bleeding disorders with desmopressin?, **159**

warfarin, Heparin induced thrombocytopenia: diagnosis and management update, **575**
water balance, Hyponatraemia in clinical practice, **373**
Web 2.0 technologies, Web 2.0 technologies for undergraduate and postgraduate medical education: an online survey, **759**
women, Flexible working: policies are supportive but culture and finances are not, **669**
wound debridement, Larval therapy from antiquity to the present day: mechanisms of action, clinical applications and future potential, **409**

VOLUME 83 · CONTENTS

No 1 JANUARY 2007

Page

Editorials

1 Improving services for patients in the community: the Rt Hon Tony Blair MP, UK Prime Minister

2 Providing specialist services in the community *J F Mayberry*

2 Delivery of healthcare outside acute hospitals: the Rt Hon David Cameron MP, Leader of the Conservative Party and Leader of the Opposition

3 Quality care in the community: the Rt Hon Sir Menzies Campbell MP, Leader of the Liberal Democrats

3 The educational needs of doctors delivering specialist services in the community *L Donaldson*

Education and learning

4 DR WHO: a workshop for house officer preparation *J Cave, D Wallace, G Baillie, M Klingenberg, C Phillips, H Oliver, K Rowles, L Dunkley, A Sturrock, J Dacre*

Reviews

8 Surgery for morbid obesity *J M H Bennett, S Mehta, M Rhodes*

16 Understanding frailty *F Lally, P Crome*

21 Endovascular abdominal aortic aneurysm repair *M G A Norwood, G M Lloyd, M J Bown, G Fishwick, N J London, R D Sayers*

28 Cubital tunnel syndrome *S Cutts*

32 Management of patients with HBeAg-negative chronic hepatitis *B N Saikia, ?R Talukdar, S Mazumder, S Khanna, R Tandon*

40 Basal thumb arthritis *R Dias, J Chandrasenan, V Rajaratnam, F D Burke*

Ageing series

44 Ageing and the gut *A L D'Souza*

History of medicine

54 Committee for the Relief of Distressed Seamen: correspondence from the Admiralty in 1818–19 *G C Cook*

Original articles

59 Views of specialist registrars on specialty care in the community: employment prospects and the need for additional training *N Azam, T Moshkovska, J F Mayberry*

62 Importance of red patches diagnosed in cystoscopy for haematuria and lower urinary tract symptoms *H Fernando, S S Thota, G Burtt, N Waterfall, I Husain*

64 Use of chaperones in the urology outpatient setting: a patient's choice in a "patientcentred" service *A M Sinclair, T Gunendran, I Pearce*

Clinical audit

66 Inappropriate prescribing of proton pump inhibitors in primary care *B T Batuwitage, J G C Kingham, N E Morgan, R L Bartlett*

Website review

69 Radiology teaching material: website review *M Shah, S Muquit*

Electronic pages

e1 Hyperbaric oxygen (HBO_2) treatment for a failing facial flap *B F McCrary*

No 2 FEBRUARY 2007

Page

Editorial

71 Delivering specialist services in the community: implications for the profession *J F Mayberry*

Commentaries

71 Reconfiguring health services to provide care closer to home *M Lakhani*

72 Specialist services in the community: maintaining quality of care *M Armitage*

Reviews

73 Medical treatment of benign prostatic hyperplasia *S S Connolly, J M Fitzpatrick*

79 Diabetic and endocrine emergencies *T Kearney, C Dang*

87 Cryoglobulinaemic vasculitis: classification and clinical and therapeutic aspects *G S Braun, S Horster, K S Wagner, S Ihrler, H Schmid*

95 Complete occlusion of extracranial internal carotid artery: clinical features, pathophysiology, diagnosis and management *B Thanvi, T Robinson*

100 Mycoplasma pneumoniae and its role in asthma *N Nisar, R Guleria, S Kumar, T C Chawla, N R Biswas*
105 The management of poor performance *J F Mayberry*

Ageing series

109 Blood pressure and ageing *E Pinto*

Original articles

115 Dietary habits of young people attending secondary schools serving a multiethnic, innercity community in the UK *M A Stone, J Bankart, P Sinfield, D Talbot, A Farooqi, M J Davies, K Khunti*
120 Impact of early biliary complications in liver transplantation in the presence or absence of a T-tube: a Chinese transplant centre experience *T Li, Z-S Chen, F-J Zeng, C-S Ming, W-J Zhang, D-G Liu, J-P Jiang, D-F Du, Z-H K Chen*
124 Comparison of clinical and electrodiagnostic features in B12 deficiency neurological syndromes with and without antiparietal cell antibodies *U K Misra, J Kalita*
128 Is rheumatoid arthritis a disease that starts in the intestine? A pilot study comparing an elemental diet with oral prednisolone *T Podas, J M D Nightingale, R Oldham, S Roy, N J Sheehan, J F Mayberry*
132 Prevalence of coeliac disease in children and adolescents with type 1 diabetes mellitus in a clinic based population *C Goh, K Banerjee*

Clinical audit

137 An audit of "do not attempt resuscitation" decisions in two district general hospitals: do current guidelines need changing? *D Harris, R Davies*

Correction

See end of Journal for reprinted article Leishmaniasis *T V Piscopo, C M Azzopardi*

Electronic pages

e2 A rare cause of dyspnoea *S P Bhatt, T K Luqman-Arafath, A Mohan, R Guleria*

No 3 MARCH 2007

141 Organ transplantation and the Human Tissue Act *A R Weale, P A Lear*

Commentary

143 Teaching in the healthcare setting *K Mohanna*

Reviews

145 Developing your teaching style: increasing effectiveness in healthcare teaching *K Mohanna, R Chambers, D Wall*
148 Heights and haematology: the story of haemoglobin at altitude *J S Windsor, G W Rodway*
154 Coronary artery bypass surgery in elderly people *A Natarajan, S Samadian, S Clark*
159 How do you treat bleeding disorders with desmopressin? *B Özgönenel, M Rajpurkar, J M Lusher*
164 Paradoxical vocal cord motion disorder: past, present and future *W H Ibrahim, H A Gheriani, A A Almohamed, T Raza*
173 Patent foramen ovale and atrial septal aneurysm in cryptogenic stroke *S Ghosh, A K Ghosh, S K Ghosh*
178 Inhaled insulins *S Ghosh, A Collier*

Adverse drug reaction

152 Simvastatin-induced bilateral leg compartment syndrome and myonecrosis associated with hypothyroidism *M J Ramdass, G Singh, B Andrews*

Original articles

182 Increased prevalence of gastrointestinal symptoms in patients with allergic disease *N Powell, B Huntley, T Beech, W Knight, H Knight, C J Corrigan*
187 Early percutaneous transhepatic gallbladder drainage compared with endoscopic retrograde cholangiopancreatography and papillotomy treatment for severe gallstone associated acute pancreatitis *W Yu, W Li, Z Wang, X Ye, N Li, J Li*
192 Prevalence and risk factors of fatty liver disease in the Shuiguohu district of Wuhan city, central China *Z Wang, B Xia, C Ma, Z Hu, X Chen, P Cao*
196 Clinical attachments: fond farewell or new beginning? A survey of the attitudes and practice of medical consultants and international medical graduates *S Wawdhane, V Saraf, S Davidson, P Trewby*

Clinical audit

200 Raised cardiac troponin T levels in patients without acute coronary syndrome *P Wong, S Murray, A Ramsewak, A Robinson, C van Heyningen, E Rodrigues*

Short report

206 NT-proBNP and the diagnosis of left ventricular systolic dysfunction within two acute NHS trust catchment areas: the initial Teesside experience *A J Turley, A P Roberts, A Davies, N Rowell, J Drury, R H Smith, A Shyam-Sundar, M J Stewart*

Personal view

209 Diagnostic greed: using pictures to highlight diagnostic errors *H Tang*

Images in Medicine

153 A second corneal arcus? *S Vaikkakara, S J Talks, R A James, S H S Pearce*
